

Third sector placement shaping medical education

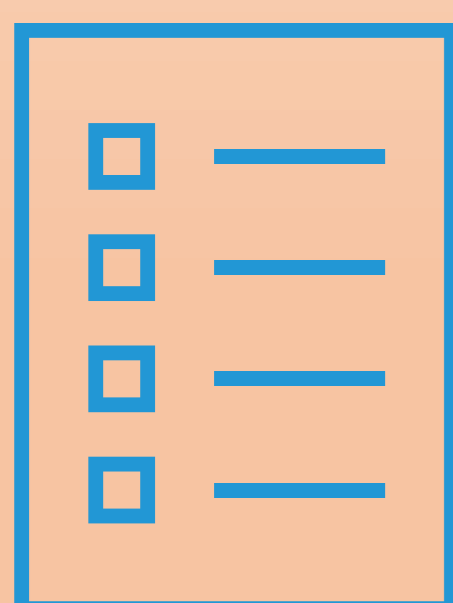

Candidate: 20511

- Placement carried out with ACOSVO team via Microsoft Teams over 8 weeks.
- Researched ACOSVO and the current state of the third sector during COVID-19 pandemic.
- Updated charity and sector core orientation presentation for ACOSVO.
- **Increased my awareness** of services that are available for **professional development**.
- Expanded my knowledge of **networking**.

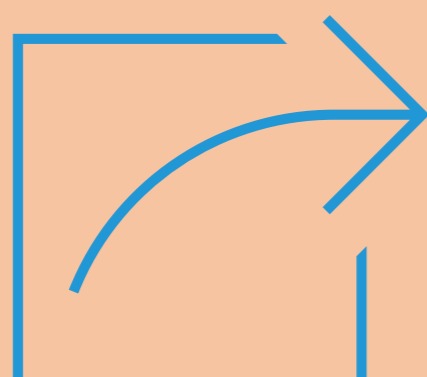

ACOSVO Services:

- Leadership Exchange Programme.
- Mentoring Programme.
- Chief Officer First 100 days.
- Leader Support Service.
- Mediation.
- Interim Executive Service.

General Medical Council (GMC) Outcomes for Graduates:

- Outcome 1: Professional values and behaviours.
- Outcome 2: Professional skills.
- Outcome 3: Professional knowledge.

Applying my experiences to future practice and GMC outcomes

Teamworking

- Observing how ACOSVO members have come together in a challenging time to focus on a common aim of **improvement through idea sharing**.
- I will apply this to my **development** and when working in multi-disciplinary teams, focusing on **communication** and **interpersonal skills**.
- This will help me to align with GMC outcome 1 and 2.

Networking

- ACOSVO member events allow organisations to network.
- The importance of this was highlighted to me during my placement as it allows people to **connect** with and **support** each other.
- Networking will be vital in the future as it will provide support during challenges.
- It will also allow me to **widen my interests** as I will be more connected through peers.
- This will help me align with GMC outcomes 1-3.

Leadership

- Exposure to the leadership programme offered by ACOSVO has reinforced the **need for developing leadership skills**, even when in senior positions, as all ACOSVO members are.
- This experience has made me aware of the many possibilities that are available to improve my skills. Improving these skills via different possibilities will allow for a more varied skill set.
- This will help me align with GMC outcome 1 and 2.

Looking ahead

- ACOSVO **anticipate change** through horizon scanning.
- The experience gained will help in future as I will consider what is happening in other sectors to be **pro-active** when it comes to challenges.
- A key area that this will be useful is **quality improvement**.
- This will help me align with GMC outcome 3.
